### Description:

- Easy-to-use floor plan and home design app. Easy to draw floor plans right on your tablet. Draw walls with exact measurements, metric or feet. Quick and easy to create professional floor plans.
- Just tap and tap to add windows, doors and stairs – fast and easy. Pick the style and change the size to fit your needs. Find great materials, finishes, and colors. Choose from wood flooring, tile, paint, wallpaper and more!
- Choose from thousands of fixtures and furnishings. Experiment with different styles, layouts, and interior design ideas to create the perfect look for your room, home or project.
- See your interior design instantly using the camera in the app. Simply point, click and see a room in 3D! Save your favorite room views, layouts and designs to review and compare.
- Access even more powerful floor plan and home design features with our VIP and Pro subscriptions, or through in-app purchase:
- Professional 2D Floor Plans, High-Quality 3D Floor Plans, Stunning 3D Photos, Replace Materials on fixtures & furnishings

### - Evaluation from practical experience:

Easy to handle
