

Big oven

Cooking instructions for CLIL lessons

School subject(s): biology, housekeeping, ecology, cooking...

Availability: Google Play Store (Android), Apple Store (iOS)

Costs: none

Usage: online

Description:

- The all-new, redesigned BigOven makes cooking simple. Find a recipe from BigOven's recipes or search just your own recipes.
- Find recipe inspiration right when you open the app. See what your friends, family and favorite bloggers are making, plus get inspired by seasonal collections on your home screen. Save and share a recipe with a single taplist, and menu planner anywhere.
- Clip from your favorite sites. Snap a photo of a family recipe, and we'll upload it for you. Find the recipes you've marked as Favorite or Try. Organize your recipes into folders, filter by category, and view your recently used folders.
- Shop smarter. Create a shared grocery list for your household. Sort items by department or by recipe. Easily mark them off or remove by swiping as you shop.
- Use up what's in your fridge. Type in up to three ingredients, and we'll show you what you can make.

Evaluation from practical experience:

Easy to handle
