

Mentimeter

Easy-to-build presentations, interactive polls, quizzes, and word clouds for more participation and less stress

What is Mentimeter?

Mentimeter is a web-based tool for building beautiful interactive presentations in the presentation builder and collecting polls, data and opinions from participants using smart devices. It is a nice platform for engaging, impressing and captivating your audience with powerful and easy-to-use features.

Make your teaching more interactive and fun for both you and your students. Use Mentimeter to create formative assessments, spark discussions and test knowledge with fun quiz competitions. Suitable for all types of education, from primary school to higher education. Mentimeter is the perfect tool to increase classroom engagement, and also make sure that everyone's voice is heard.

As a free user, you can add up to 2 questions per presentation and create as many presentations as you want. There is also no limit to the audience size. To add more questions, you will need to upgrade your account.

How to get it started?

First you have to sign up with your email-address, Facebook- or Google-account on <https://www.mentimeter.com/signup?referral=how-to>.

Build interactive presentations

Once signed in, you can create a new presentation by using a template or pushing “+ New presentation”. Then you have to give a title to the new presentation

1. You can choose between 13 interactive question types including Word clouds and Quizzes.
2. Build entire presentations quickly and easily with Content Slides.
3. Select from different presentation themes or build your own.
4. After your presentation is ready, you will find a code on the top of every slide.
5. Ask your students to take their mobiles and go to www.menti.com and log in with the code you shared with them

Go to www.menti.com and use the code 94 19 71 5

Which country is the world's biggest food producer?

Mentimeter

Present to engage

Easy-to-use presenter mode, so the audience interacts anonymously with a smart device.

Use the Mentimeter to moderate and control presentations.

Enable profanity filters in multiple languages

2021-03-24	4	32	

Which skill do you think is most important for leaders?

Ability to motivate others 34%

Knowledgeable about their industry 22%

Good listener 33%

Well-organized 11%

Inspirational speaker 10%

Analyze data and take action

Export data in a PDF or Excel file and compare data over time with Trends. Collect feedback via surveys

Tips & tricks

1. Use live polling to engage your audience. Create Multiple Choice questions with predefined answers to get fast responses from your audience that are presented with beautiful visualizations in real-time.
2. Create live Word Clouds that emphasise the most popular words submitted by your audience. Use this question type in the classroom, meetings or training to show the answers in visualisations that are guaranteed to wow your audience.
