

Forest

Stay focused by planting trees!

School subject(s): Any

Availability: Android, IOS

Costs: Free (Android), 1.99€ (IOS)

Usage: Focus timer, which helps to stay focused and boost productivity.

Description:

- Set a period for working time, put down your phone and start planting. If you use your phone during the period, your tree will wither.
- User account is not required.

Evaluation from practical experience:

- Easy to use, you can start right away without reading a tutorial.
- Great focusing app, barely any ads.
- Extremely fun to use.
- Lots of cute trees and bushes to grow.
- This is a useful app to focus on.
