## **Tasty**

**School subject(s):** Nutrition, cooking and kitchen management

**Availability:** Google Play; App Store

**Costs:** none

**Usage:** over 3000 delicious recipes with step-by-step instructions and your

personal "My Recipes" page as your own mobile cookbook.

## **Description:**

- Search function to search for ingredients, regional recipes or a special occasion.

- detailed instructions for each individual recipe. This keeps your phone in "wake mode" so your display doesn't go off all the time while you're cooking.
- Do you eat vegetarian? The app can be personalized to only show non-meat recipes (this setting can be changed at any time).
- Filter recipes by occasion, ingredients, different nutrition plans, difficulty, regional cuisine and many other criteria.
- Activate filters such as vegan, gluten-free, low-carb, healthy or comfort food.
- Add recipes to your favourites for quick access later
- Metric units of measure next to American

## **Evaluation from practical experience:**

good to use for distance learning

English version only

Can be used well in English lessons
